

ENGINEERING DESIGN SOURCE, INC. FACT SHEET

Engineering Design Source, Inc. (EDSI) is a certified MBE/DBE civil engineering and surveying firm with 30 professionals providing consulting services in Missouri and Illinois. *EDSI staff includes 20% minorities and 30% women.* Since our inception in 1995, EDSI has successfully completed more than 1,500 projects in the Bi-state area.

EDSI has built a reputation of excellence by providing our clients with superior engineering and design services, personal attention, and highly responsive staff to meet the specific needs of each complex project. We take pride in our strong work ethic and our detailed quality control process which insures correct deliverables in a timely and cost effective manner.

EDSI has extensive design experience with highways/roadways, trails, pedestrian facilities, traffic studies, traffic signals, and site design. Our dedicated and diverse professional staff, detailed quality control plan and client satisfaction program ensures the successful completion of every project we undertake.

EDSI Mission:

- To provide our customers with the highest level of excellence in our design and surveying services
- To ensure customer satisfaction in all areas, including: timeliness, attention to detail and quality
- To foster the highest standard of professionalism, integrity, cooperation, and enthusiasm in our relationships with our fellow staff members, clients and sub-contractors.

EDSI Core Values:

- Work hard
- Take care of our clients
- Have Fun
