

With over 25 years in the St. Louis engineering community, EDSI has built a solid reputation for quality work and a cohesive office culture. The company is expanding and currently seeking to fill the following opening:

**Job Title:** **Hydraulic/Water Resources Engineer**

**Location:** Chesterfield, MO or Chicago, IL

EDSI has an immediate opening for a full time Hydraulic/ Water Resources/Civil Engineer with 4 or more years of experience to support our Structures/Water Resources and Transportation Groups. The ideal candidate for this position will be expected to perform analysis and design related to bridge replacement projects, flood protection, hydraulic studies, and drainage studies. Experience with all H&H aspects of bridge replacement design for small and medium creeks and waterways is required. Roadway drainage design experience; MSD, MoDOT and IDOT experience; and the ability to support structural and/or roadway design is preferred.

Job Requirements:

- B.S. in Civil Engineering from an ABET-Accredited University
- Proficiency in HECRAS, stormwater drainage system analysis, AutoCAD Civil 3D and/or MicroStation.
- P.E. License in the State of Missouri is required (P.E. License in the State of Illinois is preferred as well)
