

With over 25 years in the St. Louis engineering community, EDSI has built a solid reputation for quality work and a cohesive office culture. The company is expanding and currently seeking to fill the following opening:

Job Title: Professional Land Surveyor

Location: Chesterfield, MO or Chicago, IL

EDSI has an immediate opening for a full time Professional Land Surveyor. The ideal candidate will be licensed as a PLS in Missouri and/or Illinois and have a minimum of 10 years of experience in boundary analysis and boundary determination. Responsibilities include overseeing and creating all boundary and right-of-way surveys and plans for the surveying office. The PLS assists in the execution of the work for our clients involved in the performance of precise control surveys, geodetic, design surveys, and right of way surveys. The successful candidate will be responsible for performing duties such as research, boundary resolution, exhibits for right of way acquisitions, with all mapping being completed in AutoCAD or MicroStation. Additionally, the candidate will be responsible for overseeing/assisting office and field staff in all the above tasks for the successful and timely completion of projects.

Job Requirements:

- Licensed PLS in Missouri and/or Illinois
- 10 + years of land survey experience in a supervisory position
- Strong knowledge of land survey practices and techniques.
- Experience in both conventional and GPS survey and data.
- Proficient Micro Station V8i (and/or AutoCAD), and InRoads Survey (and/or Civil 3D) experience required.
- Strong organizational, interpersonal, and written and verbal communication skills
- Able to meet deadlines
- Experience working with MoDOT and/or IDOT is a plus
- Experience with implementation of a QA/QC plan
